

SPRINGBURN ACADEMY BGE GROUP

SCHOOLWORK TO DO AT HOME

**Please make sure you complete the work below.**

1. **Please make sure you check the school website link to look at individual subject work, particularly those subjects you have selected to continue with next year.**
2. **Maths:** you should do at least 20 minutes each day of maths so you don't fall behind. Go to [springburnmaths.co.uk](http://springburnmaths.co.uk), level C (you have password to use this, as Mrs. MacFarlane explained in class); Go on Sumdog for maths games too.
3. **English:** read 2 books of your choosing (or more!) while we are off and be ready to tell us all about them whenever we are back (you can make notes, make a poster, make some artwork based on the books, as you wish).
4. **ASDAN:** everyone to choose one famous person, living or dead, to research on line and prepare a PowerPoint on your iPad about the person.
5. We know you all have creative hobbies of your own and we would love you to bring in your artwork/stop motion animations/ favourite anime books etc. that you have been enjoying when we are back in school. If you want to write a diary of your time away, you can do that too.
