

Glaciation OS Mapping

Use the OS map which you have been given and the revision notes from last week's homework to answer the following questions:

1. Give a 6 figure grid references for a corrie.
2. Give a 6 figure grid references for a corrie with a tarn.
3. Give a 6 figure grid reference for a u-shaped valley.
4. Give a 6 figure grid reference for a hanging valley.
5. Give a 6 figure grid reference for an arête.
6. Give a 6 figure grid reference for a ribbon lake.
7. Using map evidence describe and explain the different land uses on the map.
8. Using the map extract, match the glaciated features A, B, C and D to the correct name/grid reference below.

A Ribbon Lake B Corrie C U shaped Valley D Pyramidal Peak

9597 Angel's Peak
9798 Lairig Ghru
9400 Loch Coire an Lochain
9198 Loch Einich

9. Glenmore Lodge (9809) is a National Outdoor Training Centre*.

(*This type of centre provides instruction in outdoor activities.)

How good is this location for the centre?

Give reasons for your answer.
